

## Attitudes to hormonal contraception (girls)

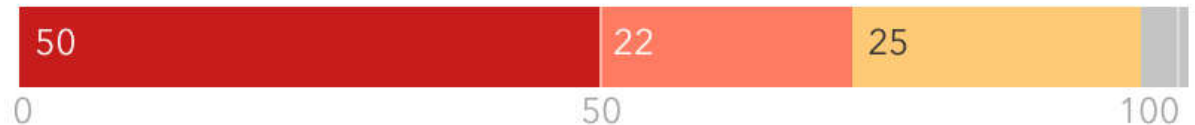

Question: People have different views on contraceptives. On a scale of 1 'completely agree' to 5 'completely disagree': how much do you agree with the following views?

■ agreement ■ so-so ■ disagree ■ don't know/no data

'Choosing the contraceptive pill or a different hormonal method has **negative effects on my body and mind.**'

'Choosing the contraceptive pill or a different hormonal method is **also suitable for very young girls.**'

*Basis: 14-17-year-old girls with intercourse experience | shown: 'top two values' (1-2), middle value (3), 'bottom two values' (4-5) in %; deviations from 100% (sum) are the result of rounding*
